Dear Captain Hoffman:

On 30 November 1981, a member of your organization, Capt. James Kight presented a briefing on Soviet Naval Reconnaissance Capabilities to the DCI's Science and Technology Advisory Panel (STAP). The briefing was excellent and was well received by the panel. STAP believes that this is an important subject and is beginning to look at it from a technology point of view primarily. Please pass on to Capt. Kight the Panel's sincere thanks for a job well done. We recognize the amount of work involved in a briefing such as that and want him, and you, to know that it is appreciated.

Sincerely,
